- USB-C to USB-C cable (1.2m)
- SmartTech in-ear earphones with USB-C connector
- SIM ejector tool
- Protective silicone case
- Quick start guide and warranty card

2. Device Overview

Feature	Specification
Display	6.7-inch AMOLED, 2400×1080, 120Hz adaptive
Processor	SmartTech Helio X9 Octa-core 3.2GHz
RAM / Storage	8GB / 128GB 12GB / 256GB 16GB / 512GB
Camera	108MP main + 12MP ultra-wide + 5MP macro
Battery	5,000 mAh with 65W wired & 15W wireless charging
OS	SmartOS 4.0 (Android 15 based)
Connectivity	5G, Wi-Fi 6E, Bluetooth 5.3, NFC, USB-C 3.1
Security	Under-display fingerprint + 3D Face Unlock

3. Getting Started

3.1 Inserting SIM Card

- Use the SIM ejector tool to open the SIM tray (left side of device).
- Insert your nano-SIM card(s) into the designated slots.
- The device supports Dual SIM (nano-SIM + nano-SIM) with optional eSIM.
- Reinsert the tray firmly until it clicks into place.

3.2 Initial Setup

- Press and hold the Power button (right side) for 3 seconds to turn on.
- Select your language and region.
- Connect to a Wi-Fi network or use mobile data for setup.
- Sign in with your Google account or create a new SmartTech ID.
- Set up biometric security (fingerprint and/or face unlock).
- Restore from backup or set up as new device.

3.3 Charging Your Device

Charge your Pulse using the included 65W SuperCharge adapter for fastest charging speeds. The device can reach 50% battery in approximately 15 minutes with SuperCharge. Wireless charging (15W) is supported with a compatible charging pad (sold separately).

4. Key Features

4.1 SmartCamera

The SmartCamera app offers AI-powered scene detection, Night Mode, Portrait Mode with studio-quality bokeh, 8K video recording, and a 32MP front camera with Smart Beauty. Access SmartCamera by double-pressing the Volume Down button.

4.2 SmartAssist (AI Assistant)

SmartAssist is your AI-powered personal assistant. Activate by saying 'Hey Smart' or long-pressing the Power button. SmartAssist can set reminders, answer questions, control smart home devices, and integrate with SmartTech IoT products.

5. Troubleshooting

Issue	Solution
Device won't turn on	Charge for 30 mins; hold Power + Vol Down for 10 sec
Screen unresponsive	Hold Power + Vol Down to restart
No mobile signal	Check SIM; Settings > Network > Select network manually
Battery draining fast	Enable Battery Saver; check background apps
Camera blurry	Clean camera lens; disable all filters and retry
Wi-Fi keeps disconnecting	Forget network; re-enter password; reset network settings
Apps crashing	Clear app cache; Settings > Apps > [App] > Clear Cache

6. Safety & Regulatory Information

- Do not expose the device to extreme heat (above 45°C) or cold (below -10°C).
- Keep away from liquids — device is splash-resistant (IP54) but not waterproof.
- Use only SmartTech-approved chargers and accessories.
- Do not attempt to open or repair the device yourself — this voids warranty.
- Switch to Airplane Mode during air travel unless airline permits device use.
- Keep out of reach of children under 3 years — small parts present choking hazard.
